WOMAN'S EXCHANGE

A Slice of Ham

Starts the day right, as does a plate of ham, there is no rare staying power in good bacon. Our "ALOHIA" HAM AND BACON possess unrivaled flavor and are of superb quality. They are prime Eastern meat, re-smoked by us in order to do away with the otherwise almost inevitable dryness peculiar to Eastern hams, which results from shipment to this climate.

Our hams are always fresh, juicy and rich.

RUMOR THAT ONOMEA WAS SOLD "SHORT"

SAN FRANCISCO, April 21.—Quietness is still the ruling feature of the market. Sales of shares were mostly confined to small parcels yesterday and there was a very small range in the fluctuations. In sugar shares trading was light, as has been the case for the last two weeks. Prices were substantially the same as on the preceding day, and in common with the general tone of the market operations dropped slightly. All the street rumors about the recent transactions in Onomea and Paauhau sugar 90 days turn out to be wrong. Great wonder was expressed that any one would short these stocks under the present known conditions. It now transpires that there were no short sales. The sales seller 90 days were merely for account of an estate. The decedent's holdings being disposed of in this way in order to provide for the placing of quite a considerable quantity of stock so that delivery could be made at one time and also to enable the executor to make formal application to the probate department of the Superior Court asking permission to sell, basing his affidavit on the fact that the buyers were ready to accept delivery. To place the holdings in question required some time and the "seller 90 days" was utilized merely to get the buyers and secure the necessary court orders authorizing the sale of a decedent's property. So much for all the talk about what appeared to be shortening Onomea and Paauhau sugar stocks.

SECRETARY HAY'S
WORK DAYS ENDED

GERMAN SPECIALIST FINDS THE
GREAT AMERICAN STATESMAN
IN A STATE OF COLLAPSE.

BERLIN, April 25.—Discouraging reports have been received as to the true condition of Secretary Hay, who recently arrived at Bad Nauheim, in the Grand Duchy of Hesse, near Frankfurt. The Secretary underwent his first examination at the hands of Professor Groedel, the celebrated heart specialist, Sunday. Groedel found him in wretched shape. His suffering is aggravated by a combination of heart trouble, nervous collapse and anemia.

There is ground for stating that unless a miraculous change for the better sets in, Secretary Hay can never again hope to return to activity. He is thin, weak and extremely nervous. The slightest noise disturbs him. His private secretary has frequently to stop reading the newspaper articles and dispatches aloud, because Hay is annoyed at the mere sound of his voice. The patient took his first bath yesterday and was able to walk out for a while. Dr. Groedel has prescribed an indefinite course of rigid treatment and absolute rest. The specialist is not willing to go so far as to pronounce the Secretary's condition hopeless, but is quoted as regarding it as alarming in the highest degree.

RESTORER MAY
GET NEW CREW

MAY SEND LASCAR CREW HOME
AND SHIP BETTER MEN AT THIS
PORT.

Considerable interest is being taken at present along the water front in the crew of the cable S. S. Restorer. The vessel arrived here with Lascars. It was understood shortly after her arrival that the captain intended to send his Lascar crew back home and ship a new crew. There appears now to be a hitch in this plan. It is understood that one reason for the master not wishing to ship a new crew at this port, is the fact that he would have to pay a much higher scale of wages than is paid at the present time.

The sailors union people claim that as the vessel now a foreign bottom, is to operate under a special license from the United States government between American territory, she ought to ship a crew of citizens.

SUGAR VESSEL
IN DISTRESS

SHIP HENRY VILLARD REPORTED
TO HAVE PUT INTO MELBOURNE
IN DISTRESS.

News of a mishap to one of the sugar fleets was received by cable yesterday in the regular report to the Marine Exchange. The vessel fortunately has no sugar aboard, but is coming to this port to load. She is the ship Henry Villard. The vessel was out 114 days yesterday from New York for Honolulu. Word was received that she had put into Melbourne in distress.

It is understood that the Villard was to come by way of the Cape of Good Hope instead of Cape Horn. She made quite a fair passage to Melbourne in case she took the African route. It is likely that at least three months will elapse before the vessel reaches Honolulu.

CHARGED WITH PERJURY.
Yanaga and Makagawa were arrested this afternoon by U. S. Marshal Hendry on warrants charging them with perjury. The warrants were
